UI/UX & PRODUCT DESIGNER

PROFESSIONAL SUMMERY

Since 2019, I have had a solid foundation in UI/UX design. I have focused on crafting intuitive and user-friendly interfaces for mobile and web platforms. Driven by my artistic spirit and passion for creativity, I continually seek opportunities to collaborate with like-minded individuals dedicated to creating exceptional products and tackling complex challenges.

EXPERIENCE

Professional 1 Application Designer

DXC Technology India Pvt. Ltd
Bangalore, India.

From Apr 2022 - Jul 2023

- At DXC, I have been responsible for designing and delivering the **E-Procurement System** for the Government of Karnataka's web and mobile applications.
- Redesigned the eProcurement website with 9+ modules and 2000+ screens, driving supplier registrations and implementing a scalable design system. Led a team of 8+ designers, boosting productivity by 30%. Migrated to modern UX frameworks, reducing load times by 50% and increasing task completion rates. Utilized wireframes, user journey maps, and prototypes to craft user-centric designs.

Camps Award (May 2022 & 2023), Collaboration Award (Mar 2023)

UI/UX Designer

Inventech Info Solutions Pvt. Ltd
Bangalore, India.

From Sep 2021 - Mar 2022

- (Client DXC Technology)

UI/UX & Graphic Designer

Sisesoft IT Solutions
Hosur, India.

From Jan 2019 - Aug 2022

- During my tenure at SISESOFT IT SOLUTIONS, I gained experience in web and mobile UX design, including user research, wireframing, and visual asset creation. I also designed marketing materials like logos, blog posters, and advertisements, showcasing my versatility.

ACADEMICS

Advanced UX/UI Design Bootcamp

Design Boat UX/UI School
Bangalore, India.

From Feb 2024 - Jul 2024

Master of Computer Applications

Sacred Heart College
Tirupattur, India.

From Jul 2016 - Apr 2018
